Special Topic:

Establishing comparability and measurement invariance in large-scale assessments, part II

Guest editors: Lale Khorramdel, Artur Pokropek & Peter van Rijn

- 139 Editorial
Lale Khorramdel, Artur Pokropek & Peter van Rijn
- 147 Rapid guessing rates across administration mode and test setting
Ulf Kroehne, Tobias Deribo & Frank Goldhammer
- 179 Examining gender DIF and gender differences in the PISA 2018 reading literacy scale: A partial invariance approach
Lale Khorramdel, Artur Pokropek, Seang-Hwane Joo, Irwin Kirsch & Laura Halderman
- 233 A review of different scaling approaches under full invariance, partial invariance, and noninvariance for cross-sectional country comparisons in large-scale assessments
Alexander Robitzsch & Oliver Lüdtke
- 281 Assessing group comparisons or change over time under measurement non-invariance: The cluster approach for nonuniform DIF
Steffi Pohl & Daniel Schulze
- 305 An extension of the invariance alignment method for scale linking
Artur Pokropek, Oliver Lüdtke & Alexander Robitzsch
